Port Angeles

Our mission is to bring an ongoing and ever-changing art exhibit to Downtown Port Angeles.

**ART on the town**, now in its twelfth season, is a year-long outdoor art gallery showing in the heart of Downtown Port Angeles. Since inception, 40 artworks valued in excess of \$355,000 have been purchased or commissioned through the exposure provided by **ART on the town**.

The outdoor venue showcases the artists' work in an inviting, family-oriented, pedestrian-friendly environment. Display sites include the waterfront, Downtown sidewalks, and pocket park areas. **ART on the town** promotes the multi-faceted artworks with regularly scheduled guided tours and other events. Self-guided walking tours are also promoted with easy-to-use sculpture tour maps. The diversity of the public viewing the works annually, creates a valuable market for the promotion and sale of the featured artwork.

Recent articles about the gallery have appeared in *South Sound* magazine, *Seattle Times*, *Portland Oregonian* and publications from Spokane to Bremerton.

Port Angeles, Washington, is located on a Scenic Coastal Byway that is the gateway to both Olympic National Park and Victoria, British Columbia. The Olympic Peninsula receives over 4.5 million visitors annually. Downtown Port Angeles is in the center of that activity as a retail center on the Peninsula as well as being home to two international ferry terminals to Canada. With the 2010 Olympics in Vancouver, B.C., we anticipate a substantial increase in tourism on the Olympic Peninsula for the next 3-5 years. The majority of those travelers will be traveling through Port Angeles at some point during their visit.

This outdoor gallery setting provides the perfect venue for cultural enrichment and arts education for residents of Port Angeles and its visitors. The show provides an opportunity to showcase both local and regional artists with international exposure and recognition, as well as promoting economic development through tourism. The inclusion of *Avenue of the People* in 2008 has created national media attention for Port Angeles and the program. We anticipate an expansion of this media coverage with the recently completed Our Community at Work-Painting Downtown project

**ART on the town** is sponsored by the Port Angeles Downtown Association and the City of Port Angeles with the cooperation and the support of the community, local galleries and contributing artists.
