

In 1983, the Downtown Merchants Association and the Downtown Parking Association joined together and founded the Port Angeles Downtown Association, a group of business people concerned with the health and vitality of our historic downtown. In 1991, we became a Main Street™ Community. Since then the PADA has created a vibrant downtown center, in which to work, play and do business and continues to be instrumental in providing services and events that benefit both the City of Port Angeles and the entire community by:

- **Enhancing the Streetscape with:**
 - **Pedestrian lighting and banners, trees, flower planters and baskets**
 - **Facade improvement/signage grants**
 - **Art on the Town outdoor gallery**
 - **Award winning benches**
- **Creating exciting events:**
 - **Sidewalk Sales**
 - **Girls Night Out**
 - **Halloween Trick or Treat**
 - **Community Christmas Tree Lighting**
- **Strengthening the business district:**
 - **Generate partnerships among stakeholders**
 - **Green Initiative**
 - **Maintaining a Directory & Inventory of businesses**
 - **Attracting the artist community**

Downtown Port Angeles is the community's Central Business District, with nearly 200 businesses, over 1200 employees and 175 small business owners. The strength of downtown businesses affects the entire community. As the heart of Port Angeles, downtown connects industry to residential, small business to major conglomerates, and blue collar to white collar.

**We have come a long way,
but we still have work to do.**

**Join us and help shape the
future of downtown and our
community.**

**Together we can
Build a Stronger Community**

Downtown
Association*

Why Should I Become a Member?

THE MAIN STREET APPROACH

“Main Street” is a philosophy, a program, and a proven comprehensive approach to downtown commercial district revitalization. This approach has been implemented in over 1600 cities across the nation.

PROMOTION: Markets a positive image of downtown and reestablishes it as an exciting place for shoppers, investors, and visitors.

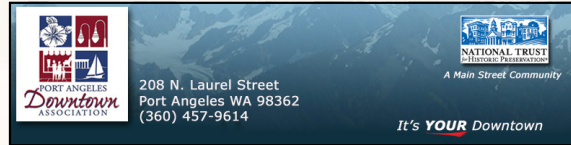

ORGANIZATION: Builds partnerships among diverse groups—property owners, residents, merchants, public officials, the City, and business associations.

DESIGN: Enhances all visual elements—public improvements, building and storefront renovations, rear entries, and signs.

ECONOMIC RESTURCTURING:

Strengthens the existing business district while diversifying its economic base.

These four elements give direction to the association as we work toward our Mission Statement: “To develop and promote a healthy and prosperous downtown.”

There are three levels of membership in the Port Angeles Downtown Association available to businesses and individuals outside of the historic city center district that would like to support the work of the association and their efforts to continue the revitalization of Downtown through the National Main Street™ program. We call these supporters our “Community Angels”. They are Owners of Downtown Properties, Individuals in the Community and Businesses outside the Central Business District.
